1. The original documents from which this was compiled formed part of a report prepared by order of the Minister of Mines and Petroleum for presentation 25X1X6 to Gheorghe Gheorghiu-Dej the "economic dictator" of Rumania.
2. The information should be viewed with reserve, as it has a pronounced propaganda slant, emphasizing as it does, the over-fulfilment of practically all target figures.
3. Production of quarries in January and February 1949.
